

Introduction to Astronomy (MVAstro0)

1. Examinations

1. All students

1. Certificate, if >60% of homework done successfully
2. Homework should/can be done in groups of 2(3)

2. Bachelor students

1. WPAstro.1,2

1. 8CP with marks (lab course needed for complete module)
2. Additional examination (oral or written test)
3. Marks count for full 10CP including the lab course

2. MVAstro0: 8CP, no marks as master module in the 'Wahlbereich'

3. Master students (MVAstro0)

1. 8CP, no marks
2. Can be used as part of MVMod (specialization in Astrophysics) for oral examination
3. Can be used as option: just 8CP

4. PhD (including IMPRS)

1. Successful homework strongly recommended, otherwise no certificate
