Introduction to Astronomy (MVAstro0)

1. Examinations

- 1. All students
 - 1. Certificate, if >60% of homework done successfully
 - 2. Homework should/can be done in groups of 2(3)
- Bachelor students
 - WPAstro.1,2
 - 1. 8CP with marks (lab course needed for complete module)
 - 2. Additional examination (oral or written test)
 - 3. Marks count for full 10CP including the lab course
 - 2. MVAstro0: 8CP, no marks as master module in the 'Wahlbereich'
- 3. Master students (MVAstro0)
 - 1. 8CP, no marks
 - Can be used as part of MVMod (specialization in Astrophysics) for oral examination
 - 3. Can be used as option: just 8CP
- 4. PhD (including IMPRS)
 - 1. Successful homework strongly recommended, otherwise no certificate
